

# Home School Newsletter

Winter 2003

## Winter Break

It is already time for winter break and the holidays! Dr. Dowling and all of the staff at the Maricopa County Superintendent of Schools office are wishing you and your family a happy and safe holiday season.

## Electronic Survey

You may have noticed that during the month of October our office sent an electronic survey. We would like to express our appreciation for your help in completing the surveys and letting us know how you think we're doing. We continue to look forward to a year of raising our client satisfaction.

## Support and Enrichment

Remember, if you're looking for extra support or enrichment to complement your home schooling, please look at and use our [Resource Directory](#). It has resources for every part of the valley and for high school or elementary/middle school students. There are even resources for students who have special needs. If you'd like more information on the resources please refer to our contact information.

## GED Information

In order for your student to take the GED test they must be at least 16 years of age and they must not be enrolled in any kind of schooling. This means that if they are registered as home schoolers, they need to be withdrawn in order to take the test, so get those withdrawals in! Also, if

you need confirmation that your student has been withdrawn from Home Schooling, please request a copy of the withdrawal form in writing and send it to the address in our contact information. If you need any other GED information please call the GED line at the Arizona Department of Education (602) 254-0265.

## Have a happy holiday season!
